Enclosed in Heavy-duty, beveled edge, spiral wrap

Hanger bracket mounting assembly included for easy suspension

Red and blue grips for easy identification and gladhand connections

Air lines have swivel fittings at tractor end for quick installation

General Product Information

Over a period of 40+ years, our supplier has become a manufacturer and marketer of air, hydraulic and electrical components and systems for the transportation equipment industry. Our primary market focus includes the heavy truck, trailer and bus industries though our continuous product line expansion has begun to draw us into other mobile equipment markets.

Our primary mission is to supply products that offer maintenance, operating, security and safety solutions to equipment operators and to make these readily available on new equipment and for service needs through an extensive network of professional parts marketers across the continent.

Our active participation in the industry’s major technical specification groups and our commitment to quality and durability assure leading edge product designs and superior performance for demanding market applications. We hold several patents and make it a practice to listen closely to the needs of the end user.

While we’re best known for our innovative tractor-trailer hook-up lines, our supplier offers a wide range of products enabling “one-stop” purchasing. In addition to our own unique items, we provide extensive interchanges to popular market brands and are constantly broadening our product offering and working with supplier partners to provide added convenience to our customers.

Warranty Information

- 1-year/unlimited-mile standard warranty
