K041877KT	6.0"	EO	Straight	5/8"	2- pack kits

General Product Information

Unlike Bendix® slack adjusters, the majority of slacks on the market today have a fast adjustment rate that increases the likelihood of dragging brakes, which accelerates wear on the brake lining and drum.

We have the fix - the Bendix® Versajust® LS™ Slack Adjuster with the WearMax™ Clutch. Versajust allows for a gradual, continuous, and more concise adjustment rate.

Warranty Information
