DETROIT™ REMAN

Reman Injectors Sales Sheet

Enhance performance, optimize fuel economy, reduce smoke and decrease downtime with Detroit Reman Fuel Injectors!

Every fuel injector is remanufactured completely by Detroit Reman, including the latest design and engineering updates.
Our offering includes HDEP and Series 60 (S60) injectors and 6-packs for all HDEP and high-running S60 injectors, please see the Top Movers section of this page for example high running part numbers.

Product Highlights

All components are inspected for optimum quality, tolerance and function

Injectors are calibrated, and calibration codes are laser-etched into the injector body to ensure balanced injector operation

Sealing surfaces are machined, lapped and thoroughly checked

Detroit fuel injectors go through comprehensive field testing and extensive lab testing

Fuel flow rates and injector response times are tested to ensure maximum efficiency

Fuel atomization and spray patterns are optimized for complete combustion, ensured by Detroit Reman's rigorous quality assurance

Remanufactured in the USA!

General Product Information

High performance injector assembly engineered for precision results in heavy duty applications. Calibrated for stable and filtered fuel spray in versatile physical conditions enhancing vehicle performance. Anti-corrosive and wear resistant Stainless Steel body can withstand susceptible temperatures and chemicals. Hassle free installation with convenient mounting provisions.

Warranty Information

Single Injectors: 1-Year/Unlimited

6-Packs: Replace all 6 injectors at once and receive a 2-year/150K mile warranty at no additional cost
