General Product Information

Alternators

Mitsubishi Electric heavy duty alternators are quickly becoming a preferred option by many fleets as they spec their new trucks manufactured in North America today. These alternators have been designed, engineered and manufactured to exceed the truck manufacturer's specifications and industry requirements. Mitsubishi Electric offers these same high quality OE alternators in the aftermarket with our Diamond Gard products. The Mitsubishi Electric Diamond Gard alternators are available in 160A and 200A configurations. These high quality brushless alternators offer best in class efficiency and have been designed to last over 1 Million miles. Most importantly, Mitsubishi Electric Diamond Gard starters carry the best warranty in the business. If it fails, we'll replace it. Guaranteed.
