DPFs - Diesel Particulate Filters

Detroit 1-Box & Medium Duty Aftertreatment Systems | Heavy & Medium Duty Engines

Detroit Reman's proprietary Liquid Cleaning Process is proven to consistently remove 95% or more of accumulated ash. All Detroit Reman DPFs last the original service interval specified for your vehicle without compromising on performance. The exchange program ensures DPFs are ready to install and are kitted with the necessary clamps & gaskets.

Detroit & Alliance DPF Cross References

Product Highlights

Full Service Interval

Heavy Duty Detroit Reman DPFs **last for 300,000 - 600,000 miles** prior to hitting the next cleaning interval, contrary to less effective alternatives, which typically recommend cleaning the same DPF after only 100,000 miles.

Clamps & Gaskets Included

Everything you need is included without hidden costs.

Fast Service

DPFs are **readily available for installation**, no waiting for cleaning in the shop.

Quality Assurance & Consistency

Detroit Reman's standardized Liquid Cleaning Process with trained operators ensures a **minimum of 95% of ash is consistently removed**, and OEM performance is maintained.

Nationwide Availability Including California

Over 800 authorized locations including California providing unmatched nationwide availability, and supporting our commitment to quality and performance for Detroit customers. This program is especially attractive for fleets looking to **reduce shipping & handling cost** associated with DPF Maintenance alternatives.
