Watson & Chalin Suspension

Watson and Chalin (W&C) is a pioneering, global supplier of lift axles and trailer suspension systems for the commercial vehicle industry. With a market focus and customer driven approach, W&C is committed to deliver durable products in the marketplace which are custom engineered for demanding applications. Whether a dump, mixer, bulk hauler, tanker, flatbed or logger, W&C invests in comprehensive research and development to help ensure trucks and trailers benefit from maximum uptime.
