

ATRO Torque Rods

New Parts 1/8/2026!

ATRO Part Number	Description	Application
SW46-19496	Sway Bar Bushing / Freightliner MT45/MT55	Designed for high-mileage Freightliner MT45 and MT55 delivery vans, this sway bar bushing helps control body roll and restore stable handling on vehicles that see constant stops and tight turns. ATRO polyurethane resists oils, chemicals, and road contamination better than rubber, helping reduce premature wear and extending service life.
SP54-11730	Leaf Spring Bushing / Hino	This Hino front suspension leaf spring bushing supports critical suspension pivot points that take constant load and vibration. ATRO's customized polyurethane formula is more durable and reliable, helps maintain proper alignment, and extends service life. Replace all 6 busings per vehicle for optimal performance.

Top 5 By Category - Torque Rods

ATRO Part Number	Description
TR46-41002	Torque Rod, Small Eye 24 5/16" c-c
TR59-41376	Torque Rod 24" c-c
TR46-41716	Torque Rod, Small Eye 23 15/16" c-c
TR50-42565	Torque Rod 22 1/4" c-c
TR59-41375	Torque Rod 24" c-c

Product Highlights

Better engineering. Faster, simpler installation.

ATRO torque rods with rotating pins and polyurethane bushings are the high-quality, cost-effective solution to the problems with rubber bushing torque rods.

Find the rod you need, fast. **Try the ATRO Torque Rod Finder on our website. (https://atrobushing.com/atro-torque-rod-finder)**

Save time and cost.

- **Less inventory:** rotating pin fits any clocking angle so you can stock fewer skus.
- **Eliminates bushing wind-up**—the #1 cause of failure with rubber bushings.
- **Reduces stress** on the entire suspension.
- **Longer life** reduces lifecycle costs.

Available configurations:

- Large-eye torque rods
- Small-eye torque rods
- Two-piece torque rods
- V-Rods
- Custom rods
