## Grey-Rock Brake Linings

For Demanding the Critical combination of Brake Performance and Value, Haldex Grey-Rock is the Answer.

- Long-Lasting
- RSD Compliant
- Fade Resistant
- Low-Abrasion
- Lower Life Cycle Cost Life
- Lining Applications for All Ranges
- Extensive Coat-to-Coast FMSI Inventory
- Available in both New & Remanufactured options

## TransitmaX

- Developed for excellent braking performance and extended service life in all transit and coach applications
- Organic fiber based formulation provides outstanding thermal stabilityand enhanced drum life
- Quiet operation ensures passengers of a safe trouble-free ride
- Minimal growth and swell makes TransitmaX an excellent choice to becombined with automatic brake adjusters and ABS systems
- Standard and Oversize Linings available

## SMARTSteel

SMARTSteel Friction was created to battle rust jacking. With SMARTSteel, Haldex integrates cutting-edge technology into our brake shoes, offering superior performance and durability compared to traditional options.

Haldex's SMARTSteel brake shoes effectively minimize the risk of corrosion between the shoe table and lining through the application of an adhesion material. This substance forms a protective barrier, shielding against chemicals, water, and salt spray. The bond created is activated and strengthened by the heat generated during brake application.

## General Product Information

Haldex Grey-Rock is a trusted name in braking, proven over decades of building reliable, high-quality friction material for the heavy-duty industry. Haldex components and Grey-Rock brake lining formulations stand up to the extreme temperatures generated by heavy-duty braking applications and deliver reliable stopping power and longevity with low brake fade and lower wear on contact parts.

Quality and Certifications:

- FMVSS-121 certified at 26K axle rating
- APTA / AMECA certified

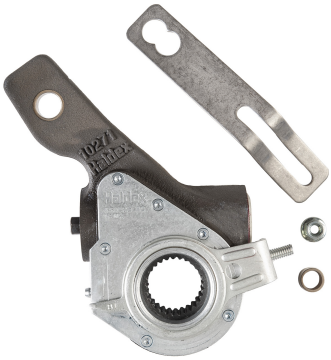

- Manufactured in ISO/TS16949 certified facilities
- Decades of experience supplying friction for heavy and severe duty vehicles
