General Product Information

Vehicle sidelined due to a driveline or differential repair? That's time and money you can't afford to lose. The Meritor Drivetrain on Demand (DOD) program will help get the exact driveshaft and differential you need quickly and easily while keeping downtime to a minimum. In just three simple steps, you can order the right part for your application and get back on the road as soon as possible. Maximum uptime is crucial. Count on the Meritor Drivetrain on Demand program to help your operation stay productive.

Stay Productive.

Utilizing the Meritor DOD specifications form, four simple steps is all it takes to spec your driveshaft through the Meritor Drivetrain on Demand program.

Step 1 - Complete the Meritor Drivetrain of Demand (DOD) Customer Spec Form by clicking the attached link: **Meritor Drivelines PDF (http://meritordrivelines.com/PDFs/MISC1783.pdf)** and submit to **DOD@Meritor.com**

Step 2 - Receive Spec form back with work order number and part number (if not previously provided)

Step 3 - Enter your Direct Ship order in Paragon. Enter your Meritor order confirmation number in the "Turnaround Info Field". Save and submit your order. Your Direct Ship sales order will roll into a 458 PO number and transmit to Meritor via EDI.

Step 4 - Your order is now complete. Your driveline will be built to order within 24 hours and ship overnight prepaid to your location.
